

BARNET'S **POST 16**

OPTIONS PROSPECTUS
FOURTH EDITION

T-LEVELS

Barnet's T Levels

Equivalent to three A Levels and developed in collaboration with employers and businesses, T Levels combine classroom theory, practical learning, and a 45 day industry placement with an employer in order to provide students with practical experience of the work place. A five-day-a-week study programme – 80% of your time will be spent in school/ college and 20% will be on placement.

The content on T Level courses aims to meet the needs of industry and prepare students to be workplace ready, offering the knowledge, skills and experience needed to open the door to highly skilled employment, an apprenticeship or higher-level study.

From 2024 in Barnet across multiple schools and colleges we will be offering:

Barnet and Southgate College:

- T Level Early Years Educator
- T Level Laboratory Sciences
- T Level Plumbing & Heating Engineering
- T Level Supporting the Adult Nursing Team
- T Level Electrical & Electronic Engineering
- T Level Content Creation & Production
- T Level Digital Production Design & Development
- T Level Digital Infrastructure
- T Level Assisting Healthcare Science

Saracens High School:

- T Level Business
- T Level Digital Design, Production and Development
- T Level Health
- T Level Management and Administration

East Barnet School:

- T level Marketing

For more information about T Levels please see pages 8-9 in this prospectus as well as individual pages of the schools and colleges offering T Levels.

Welcome to your Post 16 options in Barnet

| | |
|-----------------------------|--|
| A Levels | <p>Advanced level qualifications (known as A Levels) are subject-based qualifications that can lead to university, further study, training, or work. You can normally study three or more A Levels over two years. They're usually assessed by a series of examinations.</p> <p>If you're thinking about going to university, most higher education courses require specific A Levels or combinations of A Levels (or alternative level 3 qualifications). If you're not sure what career or job you want to do, studying a selection of A Levels can be a good way of keeping your options open.</p> |
| BTECs | <p>BTEC stands for the Business and Technology Education Council. BTECs are specialist work-related qualifications that combine practical learning with subject and theory content. BTECs are designed for young people interested in a particular sector or industry but who are not yet sure what job they'd like to do. You could study a BTEC at Level 2 or 3, either alongside academic qualifications or as part of a wider programme (such as an apprenticeship). You can also study a BTEC as a standalone course.</p> |
| Cambridge Technicals | <p>Cambridge Technicals are vocational qualifications at Level 2 and Level 3 for students aged 16+. They're designed with the workplace in mind and provide a high-quality alternative to A Levels with a great range of subjects to choose from.</p> |
| T Levels | <p>T Levels are an alternative to A Levels, apprenticeships and other 16 to 19 courses. Equivalent to 3 A Levels, a T Level focuses on students developing the knowledge, attitude and practical skills required to be able to progress into skilled employment, higher study or an apprenticeship. A T Level is constructed of core theory, occupational skills and a 45 day Industry Placement.</p> |

BELS Post 16 Projects & Programmes

BELS offers a variety of Post 16 services to support young people with the information, advice and guidance they need to succeed in the classroom and in their careers.

Our highly qualified team works in schools, colleges and a wide range of community venues working with over 3,500 young people each year to equip them with the skills, knowledge and support they need to achieve the career they want.

Careers advice for young people in Barnet Provided by BEETS

Barnet Education, Employment and Training Support

Our service provides careers guidance, information and advice for young people in Barnet after leaving Year 11 until the age of 19 (or 25 for young people with statements/EHCP).

All young people now need to continue in learning at least until their 18th birthday. This is called Raising the Participation Age (RPA)

We can advise you on the following options:

- Remaining in full time education or training in a school, college or with a training provider
- Applying for an Apprenticeship, Traineeship or Supported Internship
- Getting a job, becoming self-employed or a volunteer for more than twenty hours a week, including doing part-time training or education alongside (usually approximately one day a week)

We can help you with the following:

- Careers guidance
- Writing CVs
- Interview techniques

For more information on colleges, apprenticeships and employment:

- <https://nationalcareers.service.gov.uk>
- <https://www.apprenticeships.gov.uk>

How to contact us

If you're unsure or would like further advice on what you can do after leaving Year 11, please contact the team and our qualified careers advisers will get in touch.

For further information please call

 **020 8359 2011**

Programmes for young people aged 18-24 who are in Care and Care Leavers

These programs provide valuable support in finding employment, apprenticeships, or training to kickstart your career. You'll be paired with a dedicated Caseworker who will offer one-on-one support with:

- **Creating your CV.**
- **Offering career guidance.**
- **Assisting with job searches.**
- **Completing applications.**
- **Providing interview practice.**
- **ASDAN accredited programme designed to help the participants become job-ready, prepare for independence, and become self-sufficient.**
- **The programme will cover Money Management, Building a Home, Employability Skills Development and Careers and Experiencing Work.**

Additionally, you'll have access to a Mentor to boost your confidence and motivation if you feel it's needed.

Your Caseworker or Mentor will continue to offer ongoing support for at least the first six months of any role or course you embark on.

All referrals are made through your Social Worker, Personal Adviser, or Healthcare Provider. The Caseworker will collaborate closely with the Personal Adviser, Social Worker, and Mentor to ensure consistency and avoid redundancy in actions.

For Further information, please contact:

Anne-Marie Francis

✉ Anne-Marie.Francis@barnet.gov.uk

☎ 07707 276 851

For further inquiries, please contact:

Alexa Twomey

✉ alexa.twomey@barnet.gov.uk ☎ 07707 277 092

We are currently providing mentoring support to young people in Barnet aged 15 to 19.

POST-16

Support for Young People not in Education, Employment or Training

Are you 16-24*, not in education, employment or training and living in Barnet?

If so, the **Barnet Education & Learning Service** is here to help!

Our BELS Employability Advisers provide free careers information, advice, guidance and support with finding the right apprenticeship, college course, training course or job.

To register and receive regular one to one support from one of our advisers give us a call on the number below:

- College
- Work experience
- Volunteering
- University
- Start your own business
- Employment
- Apprenticeships
- Training to gain BTEC Level 1-3 or Vocational Qualifications in various subjects

 **020 8359 2011**

T-LEVELS

WELCOME TO THE NEXT LEVEL

An alternative to A Levels, T Levels are high-quality, classroom-based technical programmes which give young people the technical and practical skills needed to be an asset in the workplace. T Levels are a 2 year qualification and give you a head start towards the career you want.

The government developed T Levels to deliver world class technical education and provide you with a new exciting choice after GCSEs.

LEARN YOUR WAY

T Levels involve more classroom study than apprenticeships, which means you can experience an industry while you continue your studies.

Like A Levels, there are no tuition fees to study a T Level if you start before you are 19. Schools and colleges set their own entry requirements, so check their website or contact them direct to find out more.

T LEVEL SUBJECTS

The first T Levels were introduced in September 2020, more T Levels will continue to be rolled out during the next couple of years. There will be more than 20 available covering a range of subjects from digital to health and engineering to science.

GET AHEAD IN YOUR CAREER

T Levels give you the chance to learn what a real career is like while you continue your studies.

Your industry placement will last for at least 45 days – when and how you complete it depends on the T Level, college/school and employer.

INDUSTRY PLACEMENT

This provides you with an invaluable opportunity to put the learning, knowledge and skills developed in school/ college into practice in a real workplace. An Industry Placement will mean you are work ready in your chosen career pathway.

CREATED WITH EMPLOYERS

T Levels have been designed with leading businesses and employers to give you the knowledge and skills you need.

More than 250 businesses – including Fujitsu and Skanska – have been involved so you can be confident your T Level will move you to the next level.

QUALIFICATIONS THAT COUNT

When you pass your T Level, you will get a nationally recognised certificate showing the overall grade you achieved – pass, merit, distinction or distinction*. It will also give details of what you learned on the course to help you move into skilled employment or a higher apprenticeship.

AWARDED UCAS POINTS

Your T Level will be worth UCAS points and will be recognised by universities and other education providers so you can choose to continue studying if you wish.

T-LEVELS

How do T Level grades work?

T Level grades will be given as:

| Pass | Merit | Distinction | Distinction* |
|------|-------|-------------|--------------|
|------|-------|-------------|--------------|

T Levels provide several progression options to students, these include skilled employment, an apprenticeship and higher education. To help T Level students get into higher education, UCAS tariff points are allocated to T Levels.

Students must achieve at least a pass in all elements of the qualification to attract UCAS points.

Check out the guide below for how UCAS points are only allocated to work for T Levels:

| UCAS tariff points | T Level overall grade | A Level |
|--------------------|---------------------------------|---------|
| 168 | Distinction* | AAA* |
| 144 | Distinction | AAA |
| 120 | Merit | BBB |
| 96 | Pass (C or above on the “core”) | CCC |
| 72 | Pass (D or E on the “core”) | DDD |

 **EQUIVALENT
TO 3
A LEVELS**

T Levels are an alternative to A Levels, apprenticeships and other 16 to 19 courses. Equivalent to 3 A Levels, a T Level focuses on vocational skills and can help students into skilled employment, higher study or apprenticeships.

 **A 45-DAY
INDUSTRY
PLACEMENT**

Each T Level includes an in-depth industry placement that lasts at least 45 days. Students get valuable experience in the workplace; employers get early sight of the new talent in their industry.

 **80%
CLASSROOM,
20% WORK**

T Level students spend 80% of the course in the classroom, learning the skills that employers need. The other 20% is a meaningful industry placement, where they put these skills into action.

For Further information go to: www.tlevels.gov.uk/students

Post 16 Schools & Colleges

Barnet is well known for the excellent quality of its education and the diversity of its educational offer. These are at the heart of Barnet's continuing success as a desirable place where people want to live, work and study. Excellent educational outcomes and ensuring children and young people are successful in life and equipped to meet the needs of employers are vital to Barnet's future success.

Barnet has 26 secondary schools, three all-through schools, five special schools with pupils of secondary age and two pupil referral units. There are also two sixth-form academies and one General Further Education College.

Inclusive Sixth Form

This is an A Level programme for students who seek additional flexibility to achieve at A Level.

It is ideal for students who wish to engage with education whilst dealing with emotional issues such as anxiety, depression and eating disorders. It may also be appropriate for learners with other medical issues.

The programme is for 16–18-year-olds and offers a flexible nurturing approach to learning and the opportunity to complete a wide range of A Levels.

There are only 20 places available and potential learners should apply as soon as possible.

Year 14 Revision and Resit Programme

This programme is for year 14 students who wish to boost their grade profile and progress to Higher Education.

The Revision and Resit Programme is a highly structured full-time course and students need to maintain a focused dedicated approach to their studies.

Vocational Offer

www.barnetsouthgate.ac.uk/foundation-learning

T LEVELS

T Levels are new qualifications for students aged 16-19 who have finished their GCSEs.

Each T Level is equivalent to 3 A Levels and helps young people develop the knowledge, attitude and practical skills to thrive in the workplace.

T Level students spend 80% of the course in the classroom, learning the essential skills that your employees need. The other 20% is a meaningful industry placement, where they put these skills into action.

T Levels are 2-year qualifications designed to give students a head-start towards the career they want. The government has developed T Levels to deliver world-class technical education and give students a new choice after GCSEs.

One T Level is worth UCAS points equivalent to 3 A-Levels and are recognised by universities. This gives T Level students the choice to progress onto Higher Education, Higher Apprenticeships or into the workplace of their chosen career path.

Barnet and Southgate College runs T Levels in the following areas:

Plumbing and Heating Engineering
Education and Childcare
Laboratory Science
Supporting the Adult Nursing Team
Electrical & Electronic Engineering
Content Creation & Production
Digital Production Design & Development
Digital Infrastructure
Assisting Healthcare Science

Apprenticeships & Supported Internships

Apprenticeships are an exciting option - you get hands-on training and the chance to put your skills into practice.

An apprenticeship is a real job where you learn, gain experience and get paid. You're an employee with a contract of employment and holiday leave.

Supported Internships provide on-site practical work training, for young adults with special educational needs to gain work skills, leading to competitive paid employment.

Apprenticeships

A real job, with hands-on experience, a salary and the chance to train while you work. You're treated just like all the other employees, with a contract of employment and holiday leave. If you're 16 or over, you can become an apprentice as long as you spend at least 50% of your working hours in England for the duration of the apprenticeship and you are not in full-time education.

When you are an apprentice...

- you get paid and train at the same time, with at least 20% of your time spent in off the job training, often at a college, university or with a training provider
- you train to be fully competent in your chosen occupation

Your apprenticeship can take between one and six years to complete, depending on which apprenticeship you choose, what level it's at and your previous experience.

Different apprenticeships are available all over England, at companies large and small, in a wide range of industries and organisations. From local organisations to large national brands. You get valuable hands-on experience working whilst you learn, which helps you progress in your working life.

To find an apprenticeship,
visit
www.apprenticeships.gov.uk

or contact

- Events & Marketing

“

I was studying my A-levels at sixth form, but I was eager to start my working career. I left and joined First Rung's 'Pathways to Apprenticeship' course in Business Administration. First Rung is a great place to learn with smaller classes, so the teachers get to support every student and you make great friends quickly. The pathways course gave me an insight into business administration and the skills needed for the workplace. I have recently started my apprenticeship and I am looking forward to gaining experience, taking on extra responsibility, earning money and working alongside professionals.

SHARIF MADKHANA

Pathways to Apprenticeships – Business Administration

Level 2 Accounting (AAT)

Functional Skills or GCSE:

- Maths
- English

Functional Skills:

- ICT

SUPPORTED INTERNSHIPS

Supported Internships provide on-site practical work training, for young adults with special educational needs to gain work skills, leading to competitive paid employment.

They are designed to develop transferable skills, knowledge and attitudes in readiness for paid employment. Students can develop Employability, Customer Service, Confidence, Maths, English and ICT whilst working alongside employees in a real employment setting.

The classroom based learning at the workplace enables young people to try out different work roles, supported by a job coach.

Benefits of the programme:

- Participate in a variety of placements at a high status local employer
- acquire competitive, transferable and marketable job skills
- gain increased independence, confidence, self-esteem and friendship groups
- receive work-based individual instruction, coaching, support and feedback from the job coach, tutor and host business managers
- access to qualification in English, Maths and Work Skills.

Supported Internships in Barnet:

Here are a few of the supported internships (SI's) providers that Barnet Council are currently working with... but we also have links to at least 30 others.

If you are interested in finding out more about the different SIs on offer, please kindly contact Zoreena Daniels, Post 16 Support Officer, via email: supported-internships@barnet.gov.uk

MENCAP

Mencap offers a two-year study programme option for those young people who would like to complete a Supported Internship but would benefit from an additional year to develop their employability, independence and life skills.

HARINGTON

Harington is a leading and trusted charity, supporting students with learning differences to develop life skills.

AMBITIOUS ABOUT AUTISM

A supported internship is a transition to work programme where autistic young people can learn about the workplace by being in work.

CHOICES COLLEGE

General information about Mencap

Mencap is a UK charity for people with a learning disability. We support their families and carers too. We want a world where people with a learning disability are valued equally, listened to, and included. Everything we do is about making this world a reality, including employment.

Option 1: Supported Internship

A Supported Internship is an employer-based learning programme. The aim is to support SEND young people aged 16-24 with an Education, Health and Care plan who want to find work to develop the skills, knowledge and experience to progress into employment.

To access the programme, you must want to find work at the end of the programme, be able to complete 400+ hours of work experience and be age 16-24 and have an EHCP.

What is included in the programme?

- 200 hours off the job training
- Employability Skills
 - o CV writing
 - o Employer Visits
 - o Interview skills
 - o Health and Safety and work
 - o Employee rights
 - o Equality and Diversity at work
- Maths Skills
 - o Time management
 - o Money management and budgeting
- English Skills
 - o Communication Skills
 - o Problem solving
- Possibility to complete functional skills maths and English exams

- 400+ hours supported work experience placement
- We have partnerships with employers in hospitality, retail, catering, theatres, travel and tourism and more!
- We encourage our interns to take on new experiences and be open to a range of sectors

Option 2: Pre-Internship study programme

The first year is a pre-internship, study programme progressing to the Supported Internship in year two. Year 1 is targeted at those who aspire to work but for whom the one-year Supported Internship programme might be too big a step from school or college.

What is included in the programme?

- Minimum of 640 off the job training with Tutor
- Meeting with Level 6 qualified Careers Leader
- Workplace and Employer visits
- Community Impact Project

Entry Points and Eligibility

We can take referrals at any time, programme runs from September-July
Aged 16-24 and holds a valid EHCP

HARINGTON

Highgate Training Centre, 55a Cholmeley Park, London N6 5EH

Key contact details: Michelle Besant
0203 457 7997

michelle.besant@harington.org.uk

www.harington.org.uk

What we offer:

Our free Supported Internships offer a unique mix of classroom based education, work experience, and job coaching. Individually tailored to each student includes 3 days of work placements and 1 day of classroom work each week. This applies to both the supported Internship and the Horticulture Supported Internship.

Are you eligible?

- Are you interested in real work experience to get ready for a paid job?
- Are you aged 18 - 24 with SEND?
- Do you have an EHCP?
- Are you able to learn to travel to placements independently?
- Are you available to undertake an internship Programme?
- Have you got a Horticulture Entry Level 3 or above? (Only applies to the horticulture Internship.)

Harington is a leading and trusted charity, supporting students with learning differences to develop life skills.

A Society where all young people with learning differences thrive and lead a fulfilling and meaningful life.

We create an inclusive environment, that delivers outstanding personalised education, learning, and support, which lead to further education, employment opportunities, and a fulfilling and meaningful life for each of our students.

DFN Project SEARCH at The Whittington Hospital with Ambitious College

The Whittington Hospital, Magdala Avenue,
London, N19 5NF

Key contact details: Rahma Maina
07904 489291

admissions@ambitiousaboutautism.org.uk

www.ambitiousaboutautism.org.uk

Placements as part of the internship include:

- Administration assistants - various roles
- Receptionists
- Health records assistants
- Housekeeping and domestics
- Pharmacy assistants
- Grounds maintenance
- Retail and customer service
- Hospitality and catering
- Ward hosts

Benefits of the supported internship include:

- Learning new skills that you can use in work in the future
- Building confidence and life skills
- Support from trained job coaches to help you succeed
- Increased social networks
- 800 hours of structured support from specialist staff, mentors and job coaches
- DFN Project SEARCH has seen 60% of graduates secure a paid job (16 hours or more per week).

Want to find out more?

To register your interest or for more information please contact
admissions@ambitiousaboutautism.org.uk

A supported internship is a transition to work programme where young people with an EHC Plan can learn about the workplace by being in work. Interns are based at The Whittington Hospital five days a week for an academic year (Sept – July). The site is staffed by a qualified teacher and job coaches to meet educational and training needs. Through a series of three targeted internships, interns acquire competitive, marketable, and transferable skills to enable them to move into paid employment.

Candidates must meet the following criteria in order to be eligible to apply for an internship:

- aged 16-25 years old with an Education, Health and Care (EHC) plan
- be an autistic young person or have a related learning difficulty
- have an interest to move into employment
- be an independent traveller or working towards

NHS England provides supported internships for learners who have an Education Health & Care Plan, through a programme service-provider called 'Choices College'.

Choices College is a Specialist Post-16 College that delivers an OFSTED and Education Skills Funding Agency approved curriculum, that links into additional NCFE accredited provision. All educational-based delivery is embedded into a learner's work-place training and learning.

We have over 200 learners across several local authorities, in the UK and our staff work closely with over 14 National Health Service (NHS) trusts. Choices College provides learners with the opportunity to complete up to three work-role rotations, most of which are in hospitals but some placements have occurred in private or public-sector settings.

Choices College also make provision for enhancing a learner's literacy and numeracy skills. English and mathematics skills are embedded within our supported internship programme; and accreditation can arrange if and where applicable.

Host Employer: NHS organisations, the independent sector and private business.

Education Partner: Choices College

Supported Employment Partner: Choices College

Lead Authority: London Borough of Barnet

Contact: England.Choices.College@nhs.net

Programme Date: Sept – July

Entry Requirement

Entry requirements for this programme are that students are aged 16-24, have a learning disability and an Education, Health and Care Plan in place, who also:

- would like to find a job
- will be ready for work after completing the programme
- will be able to travel independently by the end of the programme

Programme

The internship programme is a full-time study programme that runs throughout the academic year (September to July)

- Interns will be offered up to three placements, lasting 10-12 weeks each
- Interns spend three days per week in work, with up to two days in the classroom. In the classroom, Interns learn about employment and develop employability skills, as well as having study time to improve Maths and English.
- Interns are supported by a Workplace Mentor, Project Coordinator and an Area Manager. Students may benefit from the support of a Job Coach, in the work place, on a daily basis should they require one.
- In the classroom, Interns learn about employment and develop employability skills, as well as having study time to improve Maths and English.

Choices College

Post Internship

Interns are supported after their internship ends. Sustaining employment is key to us and we are committed to helping Interns to achieve this objective in addition to their additional goals.

This support includes:

- Pastoral support
- Professional support in meetings, e.g. appraisals, occupational health, etc.
- Coaching preparation for progression interviews
- Offering two-way support through Project Ambassadors and Mentors for new Interns.

Examples of WORK placements offered include:

- **Administration** – Scanning documents, admin duties, emails, filing, telephone work and typing documents when needed.
- **Library Support** – Book stacking, scanning in and out of books.
- **Goods In Porter** – Meeting the public, taking receipt of goods, despatching of goods, signing and checking deliveries, updating information on to in-house system. Pack deliveries to be picked up.
- **Postroom Porter** – Emptying post bag, sorting post into pigeon holes, delivering and collecting post. Franking and dispatching mail.
- **Reception** – Meet and greet public, taking deliveries, answering phones, meeting room management, photocopiers, setting up meeting rooms and keeping tidy, receiving and sorting internal post, dispatching internal post.
- **Payroll Admin Support** – photocopying, computer work, saving documents, sorting post for department, taking messages.
- **Tradesman Junior** – Assist Supervisor/Fitter on commercial equipment throughout the Trust. Working alongside the maintenance team.
- **Finance Administrator** – Computer data entry, working with excel, sending emails, filing, photocopying, collecting and distributing post.
- **Catering** – Assist with picking and packing of hospital meals. Assist with the delivery of meals to patients and colleagues in both public & private care.

5E Ltd

Hyde House, 6th Floor, Rush Grove Avenue
(off Edgware Road), London NW9 6LH

020 8808 6660

info@fivee.co.uk

www.fivee.co.uk

General information

5E Ltd has been offering job support and training programmes to Londoners since 1998. The organisation has been able to assist thousands of people with securing employment, apprenticeships, and support for their university applications. The group has supported 2500+ learners yearly on average and has been providing skills to assist those who are employed or unemployed as well as other communities in London. 5E Ltd, which operates several training facilities in North London, has a proven track record of providing quality teaching. By offering a wide range of accredited qualifications, the company intends to increase access to high-quality education and employment prospects.

Offers

We are excited to offer a range of specialised IT and Digital Marketing courses designed to meet your professional development needs. Our programmes cater to various skill levels, from work-based learning for beginners to advanced courses for more experienced individuals. We also provide Functional Skills in English and Maths, ESOL, and courses in Accounting and Health & Safety. Our IT courses provide hands-on, practical training with an up-to-date curriculum aligned with industry standards. Similarly, Digital Marketing courses cover comprehensive modules in SEO, social media marketing, content creation, and more, ensuring practical application and real-world scenarios. In addition to the courses, we offer job support services, including guidance on creating professional, impactful CVs, training on effective interview strategies, and assistance in finding relevant job opportunities. By enrolling in the courses, learners will gain valuable knowledge and skills while receiving comprehensive provision to enhance the employability and advance your career.
